

ABORIGINAL EDUCATION COUNCIL
Patrick White NSW Young Indigenous Writers

It all began when I was one, oh so young.
My sister was only six who always love things to mix.
I love playing football but never in the hall.
I enjoy my school but don't want to be a fool.
I like to run around it is so much fun on the ground.
I love to climb up trees its so much fun for me.
One day I wish I could swim as quickly as a fish.
I like to do P.E, because its easy for me.
I love my sport and being taught.
I like to read anything indeed!
I love my family most of all and I always like to kick the ball.
