

BBQ's With My Family

Jymaya Waters, Kindergarten, Walhallow Public School

In summer I went down to the river and my brothers came down to the river and Mum and Dad came too. It was Wednesday and it was raining. I wanted to go fishing. I walked down with my family. I caught a big, red fish that looked like an alien. Dad caught a big yellow-belly and Mum did too. Aunt Paula came to pick us up from the river. We took the fish home to cook it up for dinner. Dad cooked it on the BBQ. It smelled yummy. It tasted yummy and nice. After dinner we went and played at the park. Then it was time for bed.
