

## THE WILD

I love this footy player, JT  
If you don't know him come and see me  
He is a true black fella from the wild  
He use to play in dirt when he was a child  
He plays for the indigenous all-stars  
And he made the right choice  
To play with the Cowboys  
He always gives his signature headgear away  
In the State of Origin he has broken lots of records
